

Health Information Management

Cancer Registry Solutions

MRA (A GeBBS Healthcare Company) provides comprehensive support for collecting, organizing, and managing data to meet reporting requirements. Our team of highly skilled Certified Tumor Registrars (CTRs) plays a vital role in efficiently documenting and managing your cancer data. They hold a deep understanding of reporting standards for organizations like the Commission on Cancer (CoC), State Reporting Facilities, North American Association for Central Cancer Registries (NAACCR), Central Registries, SEER, and the National Accreditation Program for Breast Centers (NAPBC).

Our experienced registrars are ready to support you on a variety of projects, including:

- ✓ Abstracting and Backlog Assistance
- ✓ Registry Coordination and Management
- ✓ Registrar Mentoring
- ✓ Education and Training
- ✓ Survey Preparation
- ✓ Accreditation Assistance
- ✓ Quality Assurance Auditing
