

# Health Information Management

## Medical Coding Solutions

When it comes to your healthcare revenue integrity, nothing is more important than effective medical coding. MRA (A GeBBS Healthcare Company) delivers flexible staffing and management for all of your medical coding challenges. No matter what your needs are, we assign the exact coding specialists required. Even as your work volumes and staffing needs fluctuate, we partner with you to manage your entire workload.

We support Academic Medical Centers, Acute Hospitals, Ambulatory Surgery Centers, Children's Hospitals, Clinics, Community Hospitals, Critical Access Hospitals, Long-Term Hospitals, Behavioral Health, Rehabilitation Hospitals, and Specialty Hospitals.

### 5 Ways Our Coding Services Deliver Higher Quality and Productivity:

#### Experience

All Coding Staff maintain AHIMA and/or AAPC certifications, depending on their area of specialty

#### Accuracy

Our staff meet or beat average productivity guidelines in all areas of coding with 95% or greater coding accuracy

#### Account Management

Dedicated account managers ensure staffing levels accommodate volume fluctuations and employee absences

#### Quarterly Business Reviews

Regular management meetings to review performance metrics and discuss modifications to services

#### Education

Monthly on-demand coding webinars providing AHIMA and/or AAPC CEUs

## Client Quote

"MRA assisted us in a variety of projects, focusing primarily on keeping our DNFB under control. Their team is knowledgeable and friendly, and the managers are always willing to go above and beyond in meeting our needs."
